

Founding Assumption

- We are remaking the electricity system
- This requires Investment

Principles

- Long-Term Contracts
- “Bundled” Contracts
- Enable Secondary Market
- Procurement Schedule Certainty

RPS Challenges and Recommendations

- Funding – Flexible Full Funding, Known Schedules
- Demand Certainty – Fulfill Fixed MWh Targets Annually
- Liquidity – “Product” v. “Project.”

Other Challenges

- Deliverability – Transmission
Cost Allocation/RPS Funding
- Siting – Expedited Appeal
- Electronic Tracking System
