

E² Working Group Subcommittee Updates

Data Tracking Subcommittee:

The Data Tracking Subcommittee continued its work through late fall 2015. Staff is compiling feedback provided by Program Administrators and anticipates finalizing its work in February 2016.

Self-Direct Guidance Subcommittee:

National Grid volunteered to draft and is working on a Common Application Form for customers interested in the Self-Direct Program, to be shared with the subcommittee by early March.

EEPS 2 Wind Down Subcommittee:

The EEPS 2 Wind Down Subcommittee has completed the Audit Guidance to be followed for the purposes of auditing utility reported savings for EEPS 2 Shareholder Incentives. The Audit Guidance was distributed to the E2 Working Group on February 1, 2016 for discussion at the February 3rd working group meeting.

Residential Appliance Metering Study:

Enetics device testing continued into January with testing report completed for Device 1 which will be filed in February to support Commission review and approval. Enetics Devices 2 and 3 will be tested and submitted for approval separately at later sessions. Project team enhanced the extract to be provided from billing system to support an improved sampling plan. Con Edison and DNV GL agreed on a sample recruitment strategy for the Con Edison addition to Phase 1 of the project. Installation of Enetics devices is expected to begin in Q2 2016.

Technical Resource Manual Management Subcommittee (TRM MC):

The TRM MC has met regularly, and in the course of so doing, has reviewed and unanimously approved nineteen (19) measure updates which were filed on December 31, 2015 as Records of Revision to Version 3 of the NY TRM effective January 1, 2016.
