

## **E2 Working Group Subcommittee Updates**

**March 2015**

### **Small Commercial EM&V Review Subcommittee –**

- Work in progress. Final report due April 1, 2015

### **Technical Manual Subcommittee –**

- The Subcommittee has prioritized the following measures for it to review and modify based on submitted evaluation reports: small commercial lighting (pending SBDI EM&V Review Subcommittee Report); refrigerator recycling; and residential HVAC. Additionally, the subcommittee will address housekeeping for a list of measures that were in various stages of review, time permitting, including anti-condensation door heater controls, geothermal heat pumps, commercial showerheads, wi-fi thermostats, and unitary AC units. All revisions will be completed no later than June 1, 2015.

### **Joint & Statewide Studies Subcommittee –**

- Contracting process underway for Statewide Residential Appliance Metering Study.

### **EEPS II Wind Down Subcommittee -**

- Subcommittee formed, first meeting to be scheduled.

### **Technical Resource Manual Process Subcommittee –**

- Subcommittee formed, first meeting to be scheduled.
