PSC SPONSORS TECHNICAL CONFERENCE -Installation and Operation of Distributed Generation Facilities-

Albany, NY—09/10/08—The New York State Public Service Commission will hold technical conferences concerning the rates, charges rules, and regulations related to the interconnection and operation of customer-owned generation or distributed generation as follows:

MONDAY, SEPTEMBER 22, 2008

New York State Department of Public Service
3 Empire State Plaza
Albany, NY 12223
19th Floor Boardroom
10:30am – 3:30pm

WEDNESDAY, SEPTEMBER 24, 2008

New York State Department of Public Service
90 Church Street
New York, NY 10007
4th Floor Boardroom
10:30am – 3:30pm

The Technical Conferences are scheduled for interested parties, distributed generation (DG) developers, the utilities, and customers to better understand how co-administration of the New York State Department of Public Service's Standard Interconnection Requirements, the utilities' standby delivery electric tariffs and natural gas for DG delivery gas tariffs, and recent revisions to the net metering statute in conjunction with hourly market (real-time and day-ahead) commodity service prices are used to economically evaluate distributed generation options.

Although there is no charge for attendance, registration is required as seating is limited. Registrations will be accepted through September 15, 2008, by contacting Theresa Gailliard at 518-474-5029 or via e-mail to Theresa_Gailliard@dps.state.ny.us.

All persons choosing to attend the September 24, 2008 Technical Conference must be prepared to show valid photo identification upon arrival at 90 Church Street. These procedures are necessary to comply with building security requirements.

Further information on registration and the conference agenda are posted on the Commission's www.dps.state.ny.us Web site by accessing the "What's New" section of homepage.
