Public Statement Hearings Scheduled for March 2018 Winter Storms — Governor Cuomo Directed Investigation Into Utilities' Preparation and Response to Storms Which Resulted In Over 590,000 Outages —

ALBANY — The New York State Department of Public Service (Department) today announced it will hold 20 public statement hearings to receive public comment regarding the preparedness and response, of all seven major electric utilities in New York, to the March 2018 Winter Storms.

Between March 2 and March 14, 2018, two severe storms caused widespread power outages for more than 590,000 New Yorkers, some for as long as 10 days. The Department is investigating the preparedness and response of Central Hudson Gas & Electric Corporation, Consolidated Edison Company of New York, Inc., Niagara Mohawk Power Corporation d/b/a National Grid, New York State Electric & Gas Corporation, Orange and Rockland Utilities, Inc., PSEG Long Island, LLC, and Rochester Gas & Electric Corporation.

As part of this investigation, the Department will conduct public statement hearings so that affected utility customers may present public comments in response to the following questions:

- How were you affected by the outages?
- Do you think you received timely, accurate and adequate information from your utility company about what was happening before, during and after the service outages?
- What are your overall impressions about how your utility responded to the outages?
- What were your reasons for those impressions?
- Did you attempt to contact your utility for information or assistance immediately before, during or after the outages, and did you get the response you were requesting?
- What are your recommendations about actions you believe your utility should or should not have taken before, during and after the service outages?
- What actions do you recommend the Department take in light of all that you know regarding these events?

Each hearing will be preceded by a short presentation by Department Staff who will explain the investigatory process. Because the investigation is ongoing, Staff will not be able to comment on any findings at this stage.
