**UPDATED: Public Statement Hearings Scheduled for Con Edison Temporary Gas
Moratorium**

— DPS Staff Will Analyze, Review Changing Market Conditions Behind Company's Decision —

ALBANY — The New York State Public Service Commission (Commission) announced it will hold public statement hearings in Westchester County to receive public comment on Consolidated Edison Company of New York, Inc.'s decision to temporarily suspend offering new gas service to customers in Westchester County.

On January 17, 2019, Con Edison announced that due to a recent trend of increasing natural gas demand, beginning March 15, 2019, it would not accept new natural gas customers in the majority of its Westchester County natural gas service territory due to an inability to meet projected future demand on the coldest winter days.

Department of Public Service staff is investigating the changing market conditions that led to the company's decision. Staff will develop a report on its findings and will review how utilities across the state are meeting customer needs in a manner that is consistent with the State's energy goals. As part of its review, hearings will be held to receive public comment on Con Edison's actions. The report is due July 1, 2019.

As part of this investigation, the Commission seeks comment from the public to ensure the report includes input from impacted stakeholders.
