**CON EDISON MANAGEMENT AUDIT REPORT RELEASED**

Albany, NY—8/07/09— The New York State Department of Public Service (DPS) today released an independent third-party management and operations audit of Consolidated Edison Company of New York, Inc. (Con Edison). The audit covers the electric, natural gas, and steam businesses, with a specific focus on the company’s construction program planning processes and operational efficiency; it also identified opportunities for improvement.

The audit is the culmination of a three-way contract between Con Edison, DPS, and The Liberty Consulting Group to conduct a management audit of Con Edison’s construction program planning and operational efficiency under Public Service Law Section 66(19). The management audit will be available for public comment pursuant the State Administrative Procedures Act.

The Con Edison management audit, as well as other related proceeding documents, may be obtained by going to the Commission Documents section of the Commission’s Web site at [www.dps.state.ny.us](http://www.dps.state.ny.us) and entering Case Number 08-M-0152 in the input box labeled “Search for Case/Matter Number.” Many libraries offer free Internet access. The management audit may also be obtained from the Commission’s Files Office, 14th floor, Three Empire State Plaza, Albany, NY 12223 (518-474-2500).
