## Virtual Public Statement Hearing Set for Sunrise Wind Cable Project

**ALBANY** — The New York State Public Service Commission (Commission) will hold a virtual public statement hearing on **Wednesday, September 22, 2021**, to receive public comments regarding a request by Sunrise Wind LLC (Sunrise) to construct, operate, and maintain the Sunrise Wind New York cable project.

The project would deliver electricity from the proposed Sunrise Wind farm, which is in federal waters approximately 30 miles off the coast of Long Island, to the existing electrical grid in New York State; it would thus involve offshore and onshore components. Power would be conveyed from the proposed wind farm to the grid through a series of distinct cable segments: up to 6.2 miles of direct current submarine export cable (320 kilovolt [kV]) from the New York State territorial waters boundary to the Smith Point County Park on Fire Island in the Town of Brookhaven, Suffolk County; up to 17.5 miles of direct current onshore transmission cable (320 kV) from the landfall at Fire Island to a new converter station in Brookhaven; and up to one mile of alternating current onshore interconnection cable (138 kV) connecting to the existing Holbrook Substation in Brookhaven.

**PLEASE TAKE NOTICE** that a virtual public statement hearing will be held before the assigned Administrative Law Judges, as follows:

**DATE: Wednesday, September 22, 2021**

**TIME: 6:00 P.M.**
