### Public Statement Hearings to be Held on High Bridge Wind's Application to Construct Chenango County Wind Farm

**ALBANY** — The New York State Board on Electric Generation Siting and the Environment (Siting Board) announced that it will hold two virtual public statement hearings on Tuesday, October 20, 2020, related to High Bridge Wind, LLC's, August 12, 2019 application to construct the High Bridge Wind Farm, a wind energy generating facility of up to 100.8 megawatts to be located in the Town of Guilford, Chenango County. The project would consist of up to 25 wind turbines and, among other things, collection lines, access roads, and an operation and maintenance building. The project would connect with the State's electric system via New York State Electric and Gas's 115-kilovolt transmission line in the Town of Guilford.

On March 16, 2020, the Chair of the Siting Board determined that the application, as supplemented on January 17, 2020, complied with the Siting Board's filing requirements.

**PLEASE TAKE NOTICE** that virtual public statement hearings will be held before the Examiners as follows:
